GEN. MIS. BRANCH.

Sir,

In consideration of the circumstances represented below, I request that Government may be graciously pleased to appoint me as a probationer in the Government Meteorological observatory, Bangalore.

I am a Master of Science of the Mysore University with Physics as my main subject and with Wireless as my special subject. After my M. Sc. I worked for five months as an apprentice in the Government Central observatory, Bangalore and I had the unique privilege of working there when Dr. Millikan had come from America to conduct experiments on Cosmic Rays. I desire to bring to your kind notice that I have written a paper on "Lightning" and it has been reviewed by Dr. K. R. Ramanathan, Superintending Meteorologist, Poona. I was also acting as a Lecturer in Physics in the Intermediate College, Bangalore .

My grand father the late Prof R. Venkataramiah wa Professor of Mathematics in the Central College, Bangalore. My uncle the late Mr. R.Shama Rao was Assistant Inspector General of Police Mysore Service.

I am a Mysorean by birth as well as by domicile and am 25 years of age, date of birth being 6th July 1916.

I enclose copies of a few testimonials.

I beg to remain,
Sir,
Your most obedient servant.

R.Krishna Murthy was a student of the Central College B.Sc., classes in the year 1934 - 36. After passing the B.Sc., Degree Examination with Physics, Chemistry and Mathematics as his optional subjects, he was admitted to the three-year M.Sc., course in Physics, wherein he worked for the first two years viz., 1936 - 38 with the B.Sc.,(Hons) classes in physics and at the end of it he passed the same examination as the B.Sc.,(Hons) candidates. He passed the M.Sc., Degree Examination in 1939 with "Electromagnetic waves and their applications" as his special subject, and obtained well over 50 per cent of the marks.

His work in the special subject will enable him to train himself up as a Radio Engineer with some technical help. His conduct and character have been very good.

Dated 23rd September 1939

Mr. R.Krishna Murthi is well known to me for over three years as a student in the B.Sc., classes of the Central College. In 1936, he passed the B.Sc., Degree examination of the Mysore University in the Second class offering Physics, Chemistry and Mathematics as his optional group. He has subsequently passed the M.Sc., degree examination in Physics. Mr. Krishnamurthi is a very intelligent youngman whose work in the laboratory was quite satisfactory. He comes of a very respectable family being the grandson of the late Professor of R.Venkataramayya who was Professor of Mathematics for a long time in the Central College. I have always found Mr.Krishnamurthi well behaved. He possesses an excellent character.

Dear Sir,

I was glad to read your interesting and fairly full article on "Lightning discharge". I have no comments to offer except to say that you have passed in riview most of the important recent work on the work. I hope that this will be a prelude to active observational and experimental work. I daresay you will have no difficulty in obtaining all the relevant literature either at the Central College, Bangalore, or at the Indian Institute of science.
